Faculty development programme in Entrepreneurship

Rationale

A series of successful cases has proved that entrepreneurs can be created through education, training & counseling interventions. This has also been corroborated by scholars like Prof. David McClelland and others.

Then need of the hour, however, is to institutionalize entrepreneurship education at such a wide scale, across institution and colleges that it churns out thousands of trained and motivated students ready to float their own enterprises.

Keeping this in view, the National Science & Technology Entrepreneurship Development Board (NSTEDB), Department of Science & Technology (DST), Government of India, took the imitative of introducing entrepreneurship in the academic curricula of Science & Technology institutions. For last 5 years our institute is organizing Entrepreneurship Development programmes for students and educated unemployed candidates with assistance from Department of Science and Technology, Govt. of India, New Delhi and MSME-DI, Govt. of India and District Industries Center, Nanded.

Objectives

The programme is designed to train and develop professionals in the area of entrepreneurship Development so that they can act as ' Resource Persons' in guiding and motivating young students, particularly from Science & Technology stream, to take up Entrepreneurship as their career . The specific objectives are to-- :

- Expose the participating faculty members to the comprehensive Entrepreneurship Development process and equip them to coordinate/ organize entrepreneurship related activities in their colleges/polytechnics/schools.
- Equip them with requisite skill, knowledge and competencies for effective implementation of Entrepreneurship Awareness Camps and Entrepreneurship Development Courses in their institutions.

Content

The content of the programme is broadly classified as follows.

- Entrepreneurship Development process & Model : Concept, process, models and strategies, exposure to EDI-EDP mode, identification and selection of potential entrepreneurs, mentoring and follow-up
- Skills and Behavioral Training: Entrepreneurial motivation and compunction, Problem-solving consoling and communication.
- Resource Building: Procedures and formalities in setting up new enterprises, incentives and benefits for entrepreneurs.
- Self – directed attitudinal and behavioral changes resulting in confidence building for taking up and implementing entrepreneurship development related activities .

- Knowledge-based information Inputs : Curriculum development procedures involved in imitating, planning, implementing and evaluating EDP Curriculum.
- Business Opportunity identification.
- Business profile Preparation, Business plan Formulation, Assessing the Viability of a Business Plan.
- Small Business Management.
- Business Crises.
- Innovation , IPR.
- Conceptualizing, designating and implementing programmes for potential entrepreneurs with special reference to curriculum design, programme planning and management.

Pedagogical tools and methodology

To impart the inputs detailed in the programme structure, the following instructional delivery methods will be adopted:

Lecture-cum-discussion, case studies, role –plays and development, curriculum development and opportunity guidance, and with successful entrepreneurs for practical insights.

Study visits to institutions and small enterprises.
